

Dear Supporters of Ebendavid Charities,

Greetings!

An Appeal **For Education Fees Support Program**

First of all we thank you for your continuous support in helping many students in the previous academic year to continue their studies which was interrupted due to many reasons.

Our Nehemiah Care Centre continues to provide simple life changing care to uplift the life of the poor, needy and the helpless in distresses. This year again many students have approached us requesting to pay their semester/annual academic fees for the current financial year 2018-19. The details are given below. Paying their fees will help them to take another step closer to achieving their life's dreams.

We have received applications seeking assistance and after our scrutiny have found deserving cases. These students need all together **Rs.4,19,306** to pay and to complete the courses. **Help us to help them.**
